

Implementation of the Local
Competition Provisions of the
Telecommunications Act of 1996
CC Docket No. 96-98
CC Docket 99-200

As a wireless phone customer, I am contacting you to express my concerns over the proposed wireless number OVERLAY in the 310 and 909 area codes in California. I feel ALL OVERLAYS are bad news, and favor the current plan of the implementation of the new 424 area when it is needed. It is fair to both wireless and land line carriers. Also, people are familiar with this type of change and it is the least confusing. Thank You.
